Series: Fruit of God's Spirit **Scripture:** John 10:1-18

Two competing influences:

How we know which voice is good:

What happens when we don't follow:

1. How would you describe listening to Jesus' voice to someone who didn't have any experience listening to Him?
2. In what ways has God directed you? How did you know it was Him?
3. How has God developed more goodness and faithfulness in your life? Were there certain people, circumstances, or experiences that contributed to His work?
4. What role has frequent Bible reading and developing a comprehensive biblical understanding played in developing more goodness and faithfulness in your life?
5. When you are wandering away from God, do you tend to believe that He abandons you or fights to get you back? Why? What difference might it make if you believe one versus the other?
6. What is one category of your life where God is calling you to follow Him more closely? Are you hesitating? Why or why not?
